RECOMMENDATION

To whom it may concern,

I write this letter in recommendation of **Renovco**, for their work completed in disaster recovery, and subsequent renovations. Over the years, I have had the opportunity to work with numerous contractors and Renovco stands out in my mind as a leader in their field. I had the pleasure of working with Mr. Walter Assi, his foreman Mike and their crew on the renovation of our administration offices and several banquet rooms at the Delta Centre-Ville after they were flooded in May 2012. I can recommend this company highly and without reservation.

Throughout the course of the renovations, Mr. Assi was a consummate professional. He was accurate in his initial assessment of the scale and cost of our project and communicated efficiently with us and the insurance company representatives. He was absolutely clear in his timelines and how the work would proceed.

Their clean up of the original water damage and subsequent construction was done with care and precision. Due to the nature of the hotel business there were times when we asked that the work be postponed and Renovco responded by working around our busy schedule.

In addition, he and his team were extremely clean and tidy in the workplace. He and his assistant never left the worksite in disarray. They vacuumed all drywall dust daily and made sure not to track dirt anywhere else in the hotel.

I have the utmost respect for Mr. Assi and Renovco, and I would wholeheartedly recommend Renovco for any project forthcoming.
